Dr. Victor Twitty  
Biology  
Stanford University  
California

Dear Victor:

Thanks for the Cavalli file, and for the news about Yanofsky. Among Cliff, Charlie and Art, Stanford's done right well for itself this year, and I know you must be relieved to get everything out of the way. Best luck to all of you.

I don't believe that I have any plans left: I gave one or two sheets to Cliff and mailed some others back to Miss Zilske, to the best of my recollection.

Esther and I will be spending a few days in Berkeley after August 1, on our way west to Australia. If anything should come up, or if you happen to be nearby for just a social visit, we can be contacted c/o brother Seymour in the East. dept.

Yours sincerely,

Joshua Lederberg
